

# SmartMat™ is the World Only Totally Hidden Plug “N” Play Shoplifting Solution

## Secured: Restrooms, Fitting Rooms, Wines and Spirits and all Openly Displayed Articles at Risk

**“Restrooms are the Shoplifters Office”**

### **The SmartGuard™ and SmartMat™ EAS Security™ Story:**

- SmartGuard™ and SmartMat™ Security™ is a totally hidden system that eliminates the use of EAS pedestal antenna towers. **Simply Plug In** - no tuning required, no service contracts, higher detection than antennas and far less costly.
- Retailers praise the visual “Guest Friendly” improvements.
- New proprietary SmartGuard™ and SmartMat™ software offers exceptional performance and addresses the environmental issues that have plagued the industry for years. We are pleased with the detection and the broad range of coverage at entrances, restrooms and corridors.
- SmartGuard™ and SmartMat™ software (twelve years of engineering) is innovative to the industry. Ten Patents and Trademarks' have been issued .

### **Some Facts:**

- No false positives have been experienced.
- Environmentally correct with reduction in packaging, freight and energy costs.
- Affordable

### **End of the Story:**

- Our goal is to resolve security issues with: Restrooms, Fitting Rooms, Wines and Spirits, Employee Entrances, Emergency Exits, Elevators, Escalators etc.
